### Roberto Bresciani, Italia

Roberto Bresciani has been teaching Country Dance since 2013, at various levels (basic, intermediate, advanced).

He approached this discipline in 2000, almost by chance, participating in a country event in the province of Pavia (Italy).

He took his first steps learning from the first teachers of this kind of dance in the province of Milan.

He has always been passionate about music and thanks to this he found himself doing some country event as a Dj (Dj Wild) as well as an animator.

As previously written he began to teach country dance professionally in 2013 and graduated May 2014 as Maestro Midas, but he did not stop here ... November 2016 obtained the Diploma as a Maestro 1st level and in December 2016 Diploma Gold Maestro A.S.C. under the guidance of the Maestro Adriano Castagnoli; in October 2018 he obtained the CMDA Diploma in Honky Tonk Dance under the guidance of Maestro Jgor Pasin.

He has participated with his students in various amateur competitions gathering them in his group "Wildsite".

He has made various choreographies in the style he most likes, the Catalan style or Honky tonk, including: Walk in a Honkytonk; Paycheck; Is Better; Shine on You; Beach Please; Cadillac Ranch (couple dance); Texas is my Home; etc."
